Hansa Enterprises

www.indiamart.com/hansaenterprises

We are engaged in the manufacturing, supplying of UV and IR radiation equipment since 1974. These are widely valued by our esteemed clients for their durability & excellent finish.

About Us

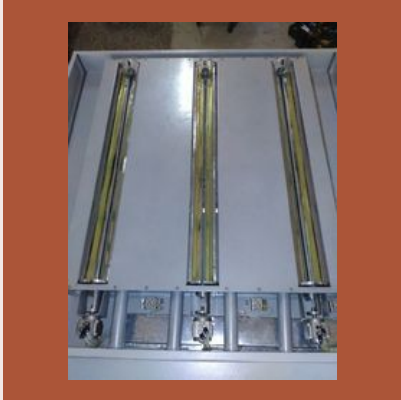

Incepted in the **year 1974**, we are pioneering in the manufacture, Supplier & Exporter of printed circuit mother machines. In keeping pace with the changing scenario together with the ecological concerns, our unit diversified its operations in the early 1990's. This was done to include the manufacture of UV/IR radiation equipment for the printing industry. Since then, we have supplied customized machines all over India and also exported to many countries for the packaging and commercial printing industry.

Under the able guidance of our **CEO Mr. P. O. Jacob**, we stand first when it comes to the manufacture of efficient and reliable curing systems commanding over 85% of the market share in curing equipment segment.

In terms of quality, reliability and finished equipment, we have been able to meet the finishing standards set by the international market. Quality is the foundation of our company and is embedded in every face of our action.

UV MODULES

UV Modules

UV Curing System for PCB

Nano Roller Coater with
UV+IR

UV Varnish Roller Coater

DRYERS & DRYING OVENS

Control Panels With Hmi
And Thyristor Controls

Hot Air Dryers

Hot Air Dryer

Hot Air Drying Ovens

UV CURING SYSTEM

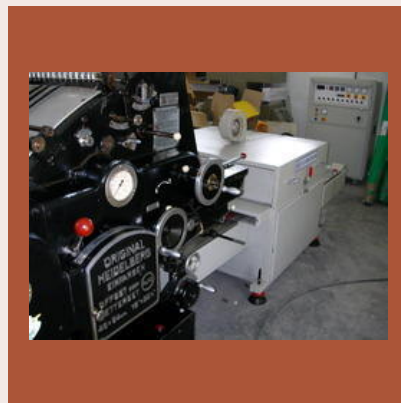

UV Curing System with Coater.

U V Lamps

UV Attachment To Offset Press

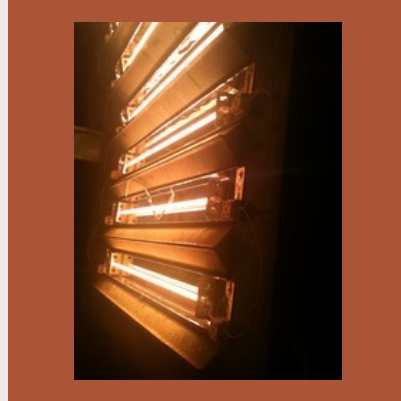

UV Attachment To Offset Press - Heidelberg

OTHER PRODUCTS:

IR Lamp Assembly

IR Lamps For Rotogravure Printing Press

Industrial Ovens

UV Attachment To Offset Press - Lithron

Factsheet

Year of Establishment 1974

Nature of Business : Manufacturer,
Supplier, Trader

Total Number of Employees : 11 to 25 People

Primary Competitive : Large Large
Advantage ProductProduction
Line Capacity
